actors, were named defend-  
income tax liens filed by  
government today.

#### ETHEL CARROLL, VENTURA, IS GIVEN PRESIDENCY OF B. P. W.; LONG BEACH GETS 1930 MEET

MISS ETHEL CARROLL, of Ventura Business and Profes-  
sional Women's club, will direct the activities of the South-  
ern District Federation B. and P. W. for the coming year, ac-  
cording to results of the election which was an outstanding  
feature of the final sessions of the 1929 federation convention  
closing in this city with yesterday's "Play day program" plan-  
ned by the Santa Ana hostess organization.

#### Heflin Hits Mussolini In Klan Speech

ONECO, Conn., June 10.—  
(UP)—U. S. Senator Thomas  
J. Heflin, of Alabama, attack-  
ed Mussolini and the papacy  
Sunday in a speech helping  
the Ku Klux Klan celebrate  
the second anniversary of the  
founding of the United Protes-  
tant church, in Sterling.

Robed and hooded Klans-  
men from many nearby Mas-  
sachusetts and Rhode Island  
communities attended the meet-  
ing, held in a field guarded by  
armed members of the order  
as a precaution against those  
whom Heflin charged "threat-  
en my life every day."

The Alabama senator charg-  
ed Mussolini had betrayed  
Italy to the Pope. He charg-  
ed Mussolini with ordering 137  
Masons slaughtered in Flor-  
ence, Italy.

#### THREE CHURCH SERVICES HELD FOR GRADUATES

marked the baccalaureate ser-  
vices of the graduating class of  
the Santa Ana high school as 210  
seniors, garbed in gray caps and  
gowns, filed into the school au-  
ditorium for the annual rites last  
night.

To the strains of the "Paen of  
Triumph" march, played by the  
high school orchestra and directed  
by S. J. Mustol, two processions  
marched down the aisles to the  
special section reserved in the front  
of the room. The graduates were  
led by the two marshals, Norman  
Paul, student body president-  
elect, and William Gibbs, junior  
class president. They also were  
dressed in the robes and caps.

The orchestra next played "Fa-  
vorite Hymns Medley," by Myers,  
before the hymn, "Faith of Our  
Fathers," was sung by the audi-  
ence. The Rev. Perry Schrock, pas-  
tor of the First Congregational  
church, led in prayer and delivered  
the scripture, "Jesus, Lover of  
My Soul" was sung by the boys'  
double quartet from the Boys' Glee  
club, directed by Miss Mary Bat-  
ten. The Girls' Glee club, uniform-  
ly dressed in white sweaters and  
dresses, sang "The Green Cathed-  
ral" by Hahn.

Rev. Rhodes Is Speaker  
The Rev. Mr. Schrock, who pre-  
sided over the meeting, then in-  
troduced the Rev. Moffett Rhodes,  
pastor of the Spurgeon Memorial  
Methodist church, South, who gave  
the sermon. His subject was faith  
and its significance. His talk was

WASHINGTON, June 10.—Sen-  
ate and house conferees late today  
agreed upon April 1, 1930, as the  
date for beginning to take the  
next census.

HUSBAND OF SLAIN WOMAN TO  
OFFER REWARD FOR TALLMAN

LOS ANGELES, June 10.—  
(UP)—After a conference with  
Chief of Detectives Herman  
Cline today, Frank Patty, Port-  
land, Ore., financier, announced  
that he would offer a reward  
for the apprehension of the  
slayer of Virginia Patty, his  
wife.

The amount of the reward  
has not been determined, Patty  
said. Mrs. Patty was found  
dead in her apartment here on  
June 4 and William Tallman, a  
radio man, is sought as the  
suspected slayer.

Tallman disappeared while  
aboard the liner Admiral Ben-  
son enroute from Los Angeles  
to San Francisco after Mrs.  
Patty's body was found.

The race for presidency and the  
choice of next year's convention  
city were among the most inter-  
esting of final business matters  
brought before the convention ses-  
sions held in Ebell clubhouse all  
day Saturday, and announcement  
of Miss Carroll's successful candi-  
dacy was one of the high lights  
of the formal banquet and pro-  
gram at St. Ann's Inn Saturday  
night. Long Beach will welcome  
the district clubwomen in June  
1930, and representatives of the  
large club membership of that  
city, were gracious in declaring  
that Santa Ana had set a mark  
in hospitality and originality that  
would tax their ingenuity to at-  
tain.

In the election Mrs. Cornelia T.  
Hatcher was returned to the of-  
fice of vice-president-at-large  
which she has filled so acceptably  
during the past year. Bessie  
Grant of Hollywood, was named  
recording secretary; Grace Wright  
of Hollywood, corresponding sec-  
retary; Ora L. Willets of Santa  
Barbara, auditor, and Adda Brad-  
ford Manker, treasurer. Installa-  
tion of these officers was conduct-  
ed Saturday night at the Inn, by  
Florence Gallentine, district par-  
liamentarian.

Board Meets In Park  
Miss Carroll called her first  
board meeting yesterday morning  
in Orange county park at the  
close of the breakfast served there,  
and one of the first duties was  
the formal acceptance of the in-  
vitation of Long Beach for the next  
convention.

Awards made during the con-  
vention session included the silver  
cup for the best publicity book,  
which went to Glendale for an  
attractively arranged and well-writ-  
ten volume. In the table decora-  
tions contest for the International  
luncheon at Ebell clubhouse, Long  
Beach was awarded the handsome  
silk flag for her clever representa-  
tion of an Irish scene; second  
place went to Woman's Adver-  
tising club of Los Angeles which  
had China, and third to Glendale,  
with Scotland as a theme. Lim-  
ericks on the various countrys,  
were judged with Covina taking  
first place. Mrs. Edward M.  
Nealey served as judge in the  
latter contest, while Harriet Ruth-  
erford Bonnell, Miss Frances For-  
cey and Miss Ruth Rowland judg-  
ed the table displays.

In the club exhibits, Ontario  
took the blue ribbon; Orange the  
red, and San Diego, honorable  
mention.

While the social sessions of the  
convention were undoubtedly  
among the most enjoyable phases,  
yet there can be little doubt but  
that for sheer entertainment, value  
and interest, the Saturday after-  
noon session in Ebell auditorium,  
was the outstanding event, for  
Alice Ames Winter, past presi-  
dent of the General Federation of  
Women's clubs was the chief  
speaker, and her address on "The  
Heritage of Women" was one of  
the finest ever heard in the  
city.

Mrs. Winter's wit was trenchant  
and some of her remarks promise  
to be quoted frequently as for  
instance when she declared that  
"Men are always pointing out that  
women have no importance—and  
never cease talking about it," or  
"There is no difference of su-  
periority or inferiority in men and  
women."

UNFILLED ORDERS  
NEW YORK, June 10.—(UP)—  
Unfilled orders of the United  
States Steel corporation as of May  
31 aggregated 3,394,167 tons, a de-  
crease of 123,096 tons from the  
April 30 total of 4,427,263. On  
March 31, unfilled orders totaled  
4,410,718 tons, on February 28  
4,144,341 tons and on May 31, 1928,  
3,416,822 tons.

## URGE HEAVY VOTE IN SCHOOL BOND ELECTION OF TOMORROW

#### Keep Border Closed, Swing Urges

WASHINGTON, June 10.  
(UP)—Representative Swing,  
Republican, California, called  
on President Hoover today to  
urge retention of present  
regulation for closing the  
Mexican border to traffic  
at night.

Swing said the request of  
the Mexican ambassador that  
the border be kept open day  
and night could not be granted  
until conditions along the  
southern international bound-  
ary were improved.

Swing already has pre-  
sented his case to Secretary  
of State Stimson.

#### WILBUR URGES AGREEMENT TO CONSERVE OIL

"Gasoline Civilization" Seen  
By Secretary, Speaker  
At Colorado Meet

COLORADO SPRINGS, June 10.  
(UP)—Picturing a "gasoline  
civilization here in America,"  
Ray Lyman Wilbur, secretary of  
interior, today urged delegates to  
President Hoover's oil conserva-  
tion conference to get together and  
make an agreement to conserve  
the nation's oil supplies. The sec-  
retary was the first and the prin-  
cipal speaker at the meeting. He  
arrived here this morning from  
Washington.

"The oil industry," he said,  
"faces a difficult and complicated  
situation which can only be met  
by an earnest study of all of the  
factors involved and by a spirit of  
co-operation. This is a gaso-  
line civilization here in America.  
It is acknowledged there are con-  
siderable preventable wastes in the  
handling of our oil supplies. These  
are due to the wastes of gas and  
oil, the use of gasoline—contain-  
ing crude oils in other than gaso-  
line engines, the large amounts  
left in the ground because of bad-  
ly managed attacks upon the pools  
and the wastage from evaporation  
due to expensive storage above  
ground. It is also acknowledged  
that there is a limited supply of  
oil available. Estimates vary, but  
those most expert in the field ex-  
pect our present volume of pro-  
duction to last for less than a  
decade."

"Primarily, the responsibility for  
the handling of this oil problem  
lies with the industry and with  
the governments of the states.  
Only a small proportion of the  
producing lands are in the public  
domain, although a large potential  
supply in those areas should be  
safeguarded. In some states con-  
servatism legislation is already in  
effect."

"The position of the federal gov-  
ernment is not to interfere with  
the rights and duties of the local  
state governments but to lend such  
aid as it can to participate in the  
solution of the problems. This ad-  
ministration has no desire to con-  
centrate the forces of government  
in Washington; it has ever de-  
sired to co-operate with the states.  
It is because of the urgency of the  
problem that this conference  
has been called and the representa-  
tives of the states and of the  
petroleum industry have been  
brought together."

#### ASK GUNBOATS' AID IN SEARCH FOR KIDNAPERS

Two Nations Seek Bandits  
Who Abducted Governor  
Of Curacao Island

LONDON, June 10.—(UP)—  
The Venezuelan government  
was absolved of responsibility  
by the foreign minister of Hol-  
land today for Saturday's raid  
on Curacao by Venezuelan in-  
surgents.

WILLEMSTAD, Island of Cura-  
cao, Dutch West Indies, June 10.  
(UP)—The governmental ma-  
chinery of two nations was put  
into operation today in an effort  
to run down the perpetrators of  
the most daring filibustering ad-  
venture in half a century.

The American consulate has re-  
quested that U. S. gunboats be  
dispatched here to aid in run-  
ning down an armed band of men  
who, on Saturday night, in the  
manner of pirates of old, abducted  
the governor of the island and the  
chief of the military organiza-  
tion, captured great supplies of  
guns, gunpowder and ammunition,  
seized an American-owned ship  
and forced its captain to sail for a  
destination yet unknown.

Several deaths accompanied the  
operations of the band and many  
persons were wounded. The gov-  
ernment of Holland has been asked  
for immediate help.

Late Saturday night the band,  
composed of Venezuelan em-  
ployees of an oil refining com-  
pany, swooped down upon Fort  
Amsterdam, the principal forti-  
fication of the town, overcame the  
armed guards, captured the gov-  
ernor and the military chief, pack-  
ed them into the American steam-  
er Maracabo, and at 2 a. m. Sun-  
day, sailed out of port.

Before departing the raiders  
opened the jails of the town and  
liberated all the prisoners, most  
of whom went aboard the steam-  
er.

PUSHER OF PEANUT  
WINS LONG JAUNT

COLORADO SPRINGS, Colo.,  
June 10.—(UP)—Bill Williams,  
the Texan who quit plastering to  
push a peanut up Pike's Peak with  
his nose, rubbed two, or three bottlefuls  
of liniment on his aching joints to-  
day and looked for new mountains  
to surmount.

Undisputed champion goober pro-  
peller of all time, Bill announced  
that with Pike's Peak conquered he  
would move on to the Grand Can-  
yon. He intimated that the expedi-  
tion was for no reason at all but the  
wise peanut derby fans saw in it a  
new era in the latest outdoor sports.  
They figured Bill was getting ready  
to nose a goober up the side of the  
canyon and started saving their  
money to bet he would accomplish  
it.

#### Don't Fail To Vote! It's Your Duty

The right to vote is a  
privilege. Every citizen who  
has the good of the city at  
heart should vote.

To pass on school bond is-  
sues totaling \$465,000, Santa  
Ana will go to the polls to-  
morrow. Voting booths will  
be open from 8 a. m. to 8  
p. m.

Regardless of how you  
mark your ballot, it is your  
PRIVILEGE and your DUTY  
to vote.

#### TWO BOYS LOSE LIVES SUNDAY IN DROWNINGS

Inglewood Youth Falls Off  
Laguna Cliffs; Other  
Dies In Pool

DEATH scored two victories at  
watering places in Orange  
county yesterday, when two  
lads, one 10 and the other 17 were  
victims of drowning.

Elmer Dubry, 17, of 794 South  
Fir street, Inglewood, fell from a  
60-foot cliff to his death in the  
waves about the rocks below at  
6 o'clock yesterday morning when,  
in company with his brother,  
Frank, 21, and a friend, A. A.  
Corrigan, 612 South Fir street,  
Inglewood, he was fishing from  
the cliffs at Three Arches, near  
Laguna Beach. Young Dubry lost  
his balance, according to the story  
told by his companions, and fell  
to the rocks below. Before aid  
could reach him the waves had  
washed the body of the lad into  
the sea, where it floated for a  
little time before disappearing.

Funeral efforts were made by Cor-  
rigan to catch the body of the un-  
conscious boy with his fishing  
tackle while the victim's brother

#### FAVORABLE REPORT

WASHINGTON, June 10.—  
(UP)—The senate judiciary com-  
mittee moved today to carry out  
President Hoover's recommenda-  
tion for consolidation of the gov-  
ernment's prohibition enforcement  
machinery. The Jones resolution  
to authorize appointment of a joint  
congressional commission to study  
the proposal was voted a favor-  
able report.

#### Victory Seen By Gilbert On Eve Of Ballot

Campaign Chairman Says  
Progress of Community  
Depends on Outcome

POINTING out that continued  
progress of Santa Ana is in-  
volved in the school bond elec-  
tion to be held tomorrow to vote  
on the question of providing the  
board of education with \$465,000  
with which to carry out a program  
of enlargement of the grade school  
facilities of the city, Guy J. Gil-  
bert, general chairman of the cam-  
paign committee, today urged that  
every voter in Santa Ana express  
himself at the polls.

"School standards require a cer-  
tain amount of air and window  
space in a schoolroom and too  
many of our buildings do not  
comply with these requirements,"  
Gilbert said, in stressing the point  
that should an epidemic break out  
in the schools the blame would  
rest entirely upon the people of  
this community. The chairman also  
referred to the unsanitary and  
crowded conditions obtaining in  
some of the school buildings as  
adding to the possibilities of an  
epidemic.

"I believe residents of the city  
are fully informed on the condi-  
tions and the necessity for addi-  
tional school rooms and it is my  
conviction that the issue will be  
voted," Gilbert said. "However  
over-confidence has lost many bond  
battles and it is important to the  
successful carrying of the bonds  
that every voter favorably to the  
program go to the polls and vote."

The committee has made full ar-  
rangements for providing trans-  
portation for voters who do not  
have machines of their own. Two  
cars will be in each precinct for  
the purpose of transporting voters.  
There also will be machines at the

Dudley, of the Sacramento Cham-  
ber of Commerce. Talks by var-  
ious delegates to the convention  
featured the day's program.

#### EXPECT 300 WILL ATTEND MEET HERE

Decision Is Anticipated on  
Proposal to Change Lo-  
cation Pasadena College  
CONTINUE ALL WEEK

Rev. O. Scott McFarland  
and William C. Jerome  
To Welcome Delegates

MEMBERS and friends of the  
Nazarene church of Santa Ana  
today were extending welcome  
to the twenty-third assembly of  
the Southern California Nazarene  
church district to this city. The  
Rev. U. E. Harding, pastor of the  
local church, made his greeting  
sincere this morning when he said:  
"Welcome to our city, to our  
homes, to our churches. We open  
our gates wide. The latch-string is  
out. If there is anything we can do  
to make your stay in Santa Ana  
more pleasant, we are anxious to do  
so."

The assembly will open in the  
Ebell clubhouse at 7:30 tonight. The  
Rev. R. T. Williams, D. D., of Kan-  
sas City, Mo., general superintend-  
ent, will be the presiding officer  
during the assembly. Addresses of  
welcome will be made tonight by  
the Rev. O. Scott McFarland, presi-  
dent of the Ministerial union of  
Santa Ana, and by William C. Jer-  
ome, president of the Santa Ana  
Chamber of Commerce. Dr. Wil-  
liams will respond in behalf of the  
assembly and also is scheduled to  
deliver the opening message. The  
Rev. D. John W. Goodwin, a general  
superintendent of the church, will  
be an honor guest at the assembly.

To Continue All Week  
Morning and afternoon sessions  
of the assembly, which is to be held  
in this city during the entire week,  
will be devoted to business. Inter-  
esting reports and resolutions,  
which will call forth spicy discus-  
sions, are anticipated.

Visiting evangelistic soloists and  
quartets will offer inspiring musical  
selections and missionary and edu-  
cational departments are to be hon-  
ored. All evening services will be  
in charge of a committee on devo-  
tion and visiting evangelists and  
former ministers have been invited  
to preach.

Much interest is being manifest-  
ed as to the outcome of the plans  
to move Pasadena college to a new  
location in this city. The proposed  
move will place the college where  
stands the present deserted sugar  
factory, on South Main street.

Three hundred registered dele-  
gates are expected to attend the as-  
sembly here and reservations made  
up to today by the various churches

# Two Automobile Accident Victims May Die

## 14 INJURED IN CRASHES OVER PAST WEEK END

## 300 EXPECTED AT NAZARENE SESSIONS HERE

Two persons are in a serious condition in Orange county hospitals today and 12 others were hurt in a series of six traffic accidents that occurred in the county over the week end, reports at the sheriff's office and state traffic headquarters showed today.

Probably the most seriously injured was G. W. Downs, 781 Seventh street, San Bernardino, who underwent an operation at the Anaheim sanitarium yesterday necessitated by internal injuries he received at 3:15 o'clock Saturday afternoon, when he swerved his car into an embankment along the side of the Santa Ana canyon road about a mile east of Olive to avoid hitting a car loaded with women and children that had stopped suddenly in the center of the road ahead of him. The attending surgeon reported today that his patient's condition was only fair.

Identity of the driver of the car which caused Downs to turn into the embankment was not learned by the accident victims. Mrs. Downs, who was in the auto with her husband at the time of the accident, is a patient at the Anaheim sanitarium. Her injuries consisted of broken bones in the right foot and deep lacerations in the right thigh.

Ralph Osterhout, 3527 East Sixty-first place, Huntington Park, is in a very serious condition at the San Clemente hospital, today, suffering from a skull fracture, cuts and bruises sustained in an accident last night on the Coast highway south of San Clemente. Osterhout's wife and four children, Vernon, 11, William, 9, Nona, 5, and Betty, 3, who were riding with him on the motorcycle and side car, received hospital treatment for cuts and bruises they received in the accident, which occurred when their vehicle was forced from the road by a sedan alleged to have been driven by Sam Torres, 39, foundry worker, of 485 East Thirty-eighth street, Los Angeles.

The Osterhout family was returning from a motorcycle meet at San Diego when the accident happened and they were brought to the hospital by other members of the motorcycle party. Torres was apprehended near Justin by State Traffic Officer Ole Buer, who was advised by phone messages from State Traffic Officer Joe Clever at San Juan Capistrano that the car which caused the accident was headed toward Santa Ana. Torres was booked on an investigation charge as a hit and run driver.

Mrs. J. M. Pickard, 58, 6213 Hollandale street, Los Angeles, was slightly injured yesterday when cars driven by L. M. Springer, 2834 Whittier boulevard, Los Angeles, and Owen Spicer, 1209 West Sixty-fifth street, Los Angeles, came together on the highway near Sunset Beach. Brakes of the cars failed to hold in a traffic jam, according to the report filed by State Traffic Officer Oscar Kelly. Mrs. Pickard's injuries were not serious.

committee headquarters for emergencies. The telephone number at headquarters, at the chamber of commerce, is 1324 and may be called at any time during voting hours. This service will be available to those who oppose the issue as well as to those who favor it, Gilbert said.

Gilbert urged merchants and employers of Santa Ana to make arrangements so that their employees will be able to vote during the morning tomorrow. He pointed out that if the civic duty is postponed until the later hours of the day the possibility of evening engagements interfering with vote casting may prevent many from going to the polls. Furthermore, he explained, the polling places are likely to be crowded in the final hours.

## THREE CHURCH SERVICES HELD FOR GRADUATES

(Continued from Page 1)

vividly interesting and was full of truths and examples. "The way to accomplish a goal," said the Rev. Mr. Rhodes, "is to find your objective, put back your shoulders and do it."

He said that persons are not judged by their families, what they were in the past or where they came from, but what they are and what they are doing in everyday life. His address was a ringing command to the youth present to make a niche in the world and make the world that much better by being in it.

Another hymn, "Come Thou, Almighty King," was sung by the audience, after which the Rev. U. E. Harding, pastor of the First Nazarene church, gave the benediction. The class then marched out of the auditorium while the orchestra played "The American Soldier" march.

Principal D. K. Hammond, of the high school, invited all parents and friends to attend the commencement exercises, Friday night, and the junior college exercises, Thursday night.

**Rev. Roberts To Speak**  
Both affairs will be held in front of the buildings on the campus. The Rev. William E. Roberts, Los Angeles minister and former pastor of Santa Ana, will be the high school speaker. Accommodations for 4000 persons will be made for the services.

The graduates will receive their leather bound diplomas from Dr. John Ball, president of the board of education. Caps and gowns also will be worn on this occasion.

For Class day, Wednesday afternoon, the boys will wear dark coats and white flannels and the girls white sport dresses. At this time the class will, prophecy, song, poem, etc., will be given. Parents and friends are invited to attend.

**HAMMOND PRESIDES AT COLLEGE SERVICE**  
President D. K. Hammond, of the Santa Ana junior college, presided at the college baccalaureate

vesper service, held in the First Baptist church. "Letting Yourself Go" was the subject of the address given by the Rev. Harry Evan Owens, pastor.

After having had pictures taken in front of the domestic science rooms on Church street, the graduating class of 1929, attired in formal college caps and gowns, marched into the church while an organ prelude, "Offertoire in A Flat," by Read, was played by the organist, Dale Hamilton Evans. Candidates for graduation and members of the faculty comprised those in the academic procession.

The college women's trio, composed of Miss Thelma Stovall, Miss Hazel Smith and Miss Muri Williams, sang Mendelssohn's "Lift Thine Eyes," and the Rev. Mr. Owens offered prayer.

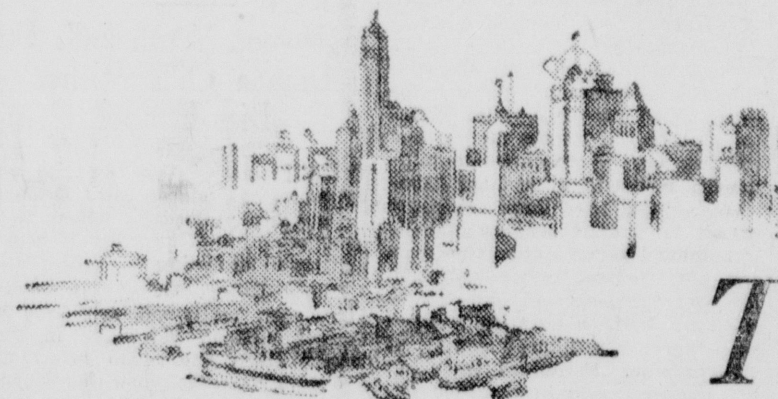

An effective feature of the service was the rendition of an anthem, "Gladstone Light," by Sullivan, as sung by the double quartet of the college, the personnel of which is Nada Hill Smith, Muri Williams, Hazel Smith, Thelma Stovall, Leslie Steffenson, Clark Brown, Crawford Nalle and William Jerome.

**REV. HARDING SPEAKS TO JUNIOR HIGH GROUPS**  
The baccalaureate sermon for the graduates of junior high schools of Santa Ana was delivered by the Rev. U. E. Harding, pastor of the Church of the Nazarene, when services were held in the First Methodist church yesterday afternoon.

James Hughes, assistant pastor of the First Methodist church, presided. He read the scripture lesson and introduced the speaker. The Rev. E. W. Matz, pastor of the First Evangelical church, offered prayer and pronounced the benediction.

The Rev. Mr. Harding chose as his subject, "The Glory of Going On," and took for the scriptural basis of his remarks the story of Jonathan and David. The minister painted a word picture of how these two fast friends, Jonathan and David, met in the field at an appointed time and how, by former understanding, Jonathan was to shoot arrows across the green and while his caddies were gathering them up, was following a code with his friend by wording if he would shout, "Arrows are beyond the field."

## recommend this famous treatment to safeguard lovely complexions

"I have found the palm and olive oils as scientifically blended in Palmolive Soap most thorough in cleansing the skin."

*Pierre*  
NEW YORK CITY

"I recommend Palmolive Soap as the most elementary step in beauty care. It, as no other soap I know, means perfect cleanliness with safety."

*Outsides Gervide*  
ATLANTA

"We recommend to those of our clients who require a soap, the regular use of Palmolive. Its bland, rich lather, lotion-like in effect, is possible only from a soap made of the cosmetic oils of palm and olive."

*Echo Rickett*  
SAN FRANCISCO

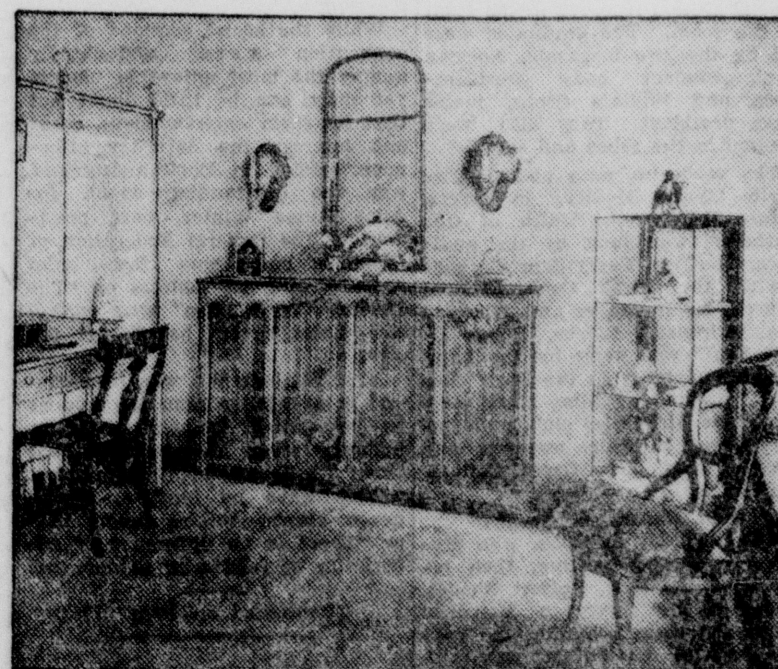

The world-wide endorsement of Palmolive is the greatest professional recommendation any product ever had

MORE than 13,769 beauty experts throughout America—north, south, east and west; in big cities, small towns, smart resorts—say: "keep your skin youthful and smooth-textured—use Palmolive Soap and water twice every day."

They prefer it because its two precious beauty oils are so blended that the skin is refreshed and stimulated as well as cleansed.

From coast to coast—Bock, in Philadelphia; Edison, in Boston; Madame Louise, of Chicago; McFarlain, of New Orleans; Mme. Zollars and 75 others in Hollywood! These are typical of the nationally-known experts who advise their patrons to use Palmolive in this way: massage a smooth lather of Palmolive Soap and warm water into the pores for two minutes; rinse, with warm water, then with cold. Now you are ready for make-up! For the bath you will find Palmolive bland and refreshing. And it costs no more than quite ordinary soaps.

What Pierre advises in New York, or Hepner, in Hollywood—is the very same treatment specified by the great beauty specialists of Europe. Take their advice. Buy a bar of Palmolive today!

"We always recommend a treatment found generally in the smart salons abroad. Palmolive Soap and warm water—an unfailing way to skin loveliness."

### TEACHERS OF WESTMINSTER ON VACATIONS

WESTMINSTER, June 10.—Teachers of the Westminster school are planning a busy summer. Miss Florence Boosey, eighth grade teacher, left Saturday and is preparing to take a course in summer school, attending U. C. L. A.

Two other teachers of the school, Mr. and Mrs. Homer Speck of the third and sixth grades, are to attend U. C. L. A. Mrs. Speck, who is music teacher in the local school, will specialize on music while Mr. Speck will study toward his administration certificate.

The twin teachers of the school, Miss Opal Mitchell, of the fourth grade, and Miss Olive Mitchell, of the first grade, with their mother, Mrs. T. B. Mitchell, are leaving Westminster June 15, and for two weeks will visit relatives in Bellflower and Los Angeles after which the Misses Mitchell will leave June 29 on a three weeks' vacation trip to Honolulu, while Mrs. Mitchell is going to St. Louis, Mo., the former family home, to remain for a part of the summer.

Miss Myra Evans and Mrs. Mary Thomson of the Hoover school plan on spending the greater part of the vacation period in their homes in Clearwater and Garden Grove, respectively.

Hollis Pittz, seventh grade teacher, will be employed during the summer and attend night school for a special course.

Mrs. Hilma Huddleston of the kindergarten department, will go to Santa Barbara, where she will spend the summer attending the Santa Barbara Teachers' college joining Mr. Huddleston, who is already in that city.

Two new teachers have been hired by the trustees, Charles Monroe on the Olinda school, who will be the principal, and Miss Marie Wood, of Wilmington.

An interesting program arranged by the three teachers of the Hoover Americanization school of Westminster, Mrs. Hazle Peck Campbell, Mrs. Mary Thomson and Miss Myra Evans, was presented with the closing of the school term.

### LAGUNA BEACH C. OF C. BACKS MAP PROJECT

LAGUNA BEACH, June 10.—Reconsideration of its determination of a week ago to call a mass meeting of citizens to consider bond issues pending in an election to be called, and approval of three of the propositions was the business before the membership meeting of the chamber of commerce Friday evening.

Proposition No. 1 in the circular letter sent out to organizations by the city council was explained by Mayor Frank B. Champion. He told the members present that this was the most important matter of all. That the topographic map, previously given a place of prominence in the discussion, was a comparatively minor matter, and that the making of an official map and the establishing of grades and center lines was the important phase of the proposition, were stressed.

The mayor informed the members present that before any work could be done on streets, grade must be set and center lines established. This, he said, was imperative whether the work be done piecemeal or as a whole. He drew attention to overlapping subdivisions and inaccuracies in surveys. Answering questions as to why a bond issue is needed instead of creating an improvement district, he went into the reasons, explaining that it was impractical to attempt to do it, and that the bonds would not be saleable, and that in order to make them saleable the entire city must be bonded.

J. J. Power, chairman of the meeting, deprecating the fact that no such information had been offered at the special meeting of the week previous, urged the need of improving streets as the paramount one and asked for an expression of opinion from each one present. This canvass did not show a unanimous approval, but the vote taken was unanimous for the proposition, which calls for \$25,000 bonds.

The civic center proposal, also before the chamber for consideration was given approval in a close vote. A suggestion that the purchase of the chamber of commerce and library properties and intervening lots be made one section, and an appropriation for building be another, failed to secure endorsement when the matter of estimated costs was brought up. Sentiment was unanimously in favor of improving Heisler park, but the body declined to make any recommendations regarding bonding for a municipal plunge at a cost of \$22,000, or for the purchase and repair of the pier at an estimated cost of \$7000.

Reconsideration of the motion to call a mass meeting resulted in defeating this, the opinion being expressed that to hold such a public meeting would be to confuse the matter instead of clarify it. A motion to ask heads of different civic and social groups to meet in a round table discussion was defeated.

PARADE PLANNED

LAGUNA BEACH, June 7.—Permit was given Goodrich brothers, who conduct the Dude ranch in Laguna canyon, to hold a parade of saddle horses June 16 along Thalia street, Coast boulevard, Broadway and out the canyon road to the ranch. The parade will be headed by a band.

### 1500 PERSONS PAY VISIT TO SAN CLEMENTE

### PUTTING JACK ON THE SPOT

There are reports, disturbing to his friends (and we sure are one of them), that the directors of the Cincinnati ball club are becoming restless under the regime of Jack Hendricks, manager of the club.

From reports it would seem that the ball club might be placed again in the peril of being managed from the business office. For years the Reds were managed from the executive office and the manager was just a man who wore the title and received very little money for the obligation.

Hendricks has not done bad with the Cincinnati ball club. He has done very well, in fact. He hasn't a great ball club and he never has had one. If there are reasons why he hasn't had a great ball club the owners can tell. They haven't bought any ball players for their manager. The Cleveland Indians have made over their ball club by the use of considerable cash. So have the Detroit Tigers. And it never has been known that the Giants, the Yankees or the Cubs would ponder in executive session over the risk of investing money in a young ball player who looked worth the risk of fifteen or twenty thousand dollars.

### IT'S NOT JACK'S FAULT

It's no doubt true that the Cincinnati owners have spent some money and there may be a complaint if any one of them happens to read this piece. But we will ask how many of the prize rookies from the minor league, known to all the scouts, were purchased by the Reds last winter? And, we will ask, is that the fault of Jack Hendricks?

The best line on Jack Hendricks can be obtained by asking any ball player, who ever has worked for Hendricks what he thinks of him.

### HERE'S ANOTHER JOCKEY

Mr. Lawrence French of the Pittsburghs, who was mentioned above as one of the prize rookies of the season, is also said to be one of the new school of rookie jockeys.

The ball players and the umpires say he not only jockeys from the bench when he is not working but that he talks more when he is pitching than any veteran in the game—with the possible exception of Waite Hoyt of the Yankees.

### NO USE TO SACRAMENTO

Joe Harris, former major leaguer, is seeing little service with the Sacramento Pacific Coast league this season. He was gassed in the war and this is said to be affecting his physical condition.

## GARDEN GROVE CLUB INDUCTS NEW OFFICERS

GARDEN GROVE, June 10.—The final meeting of the year was observed by members of the Woman's Civic club with a 12:30 o'clock luncheon in the club house Friday.

The tables were decorated with baskets of spring flowers. Covers were placed for 30 members and the following guests of honor, Mrs. S. W. Stanley, of Tustin; Mrs. Albert Launer, of Fullerton; Mrs. J. F. Thurston, of Laguna Beach; Mrs. A. P. Nelson, of Santa Ana and Mrs. W. T. Kirven.

Following luncheon, Mrs. P. N. Larson in behalf of the club, presented Mrs. J. M. Woodworth, president of the club for the past two years, with a basket of beautiful flowers and a gold gavel for her president's pin. Mrs. Woodworth responded.

The monthly and annual reports were given. Mrs. R. W. Elliott gave a report of the business law and insurance section, the only new section formed during the year.

Mrs. A. P. Nelson, state chairman of War Veterans, spoke on the war veterans' report sent to Washington, D. C., which was claimed to be the best state report made California the first outstanding state.

Mrs. George Lewis gave an interesting report of the state convention held at Santa Cruz. A few words were spoken by Mrs. J. F. Thurston, of Laguna Beach, president of County Federation of Woman's clubs.

Mrs. S. W. Stanley, of Tustin, spoke on the preventorium camp. Mrs. W. T. Kirven installed the following officers for the coming year. Mrs. George Lewis, president; Mrs. A. C. Robbins, first vice president; second vice president, Mrs. W. H. Stennett; recording secretary, Mrs. Carl Nichols; corresponding secretary, Mrs.

George Lynch; federation secretary, Mrs. L. A. Ford; treasurer, Mrs. A. J. Woodworth; curator, Mrs. R. W. Elliott.

Mrs. H. H. Pollard, first vice president for the past year, presented the gavel to Mrs. Lewis. Mrs. A. C. Robbins was appointed chairman of the card party to be held for the benefit of the preventorium camp at Trabuco canyon. No date has been set.

## NEW DICTATOR STRAIGHT '8' IS ANNOUNCED

The introduction of a new Dictator eight at a price which it is declared marks a new achievement in motor car value is announced by the Studebaker corporation of America through Harry D. Riley, Studebaker-Erskine dealer here.

tinues Studebaker's program of making available the smoothness and flexibility of eight cylinder performance in the price range of six cylinder cars," said Riley. "In presenting the new Dictator at prices ranging from \$1531 to \$1740, Studebaker assumes as outstanding a position in this price field as it occupies in the higher price brackets with its Commander eight and the world champion President eight. The popularity of the cars has given Studebaker the distinction of selling more eight cylinder cars than any other manufacturer in the world.

"The introduction of the new Dictator Eight, as a companion car to the President eight and Commander eight, reflects Studebaker's full recognition of the

trend of the fine car field toward the eight. In 1923 only 10 per cent of the makes of passenger car power plants were eights. Today eight cylinder engines represent 41 per cent of the engine makes, of which an overwhelming majority are straight eights.

"Months of testing by research engineers on Studebaker's proving ground show the new eight to be endowed with the same qualities of speed and stamina that have enabled Studebaker to win every official speed and endurance record for fully equipped stock cars.

work turned out by Studebaker's own ten million dollar body plants. "Body lines of the new Dictator are longer and lower, attained through the long wheelbase and the use of double drop frame construction. The low lines are further emphasized by smaller wheels with larger balloon tires, and by deeply crowned fenders which hang low over the wheels. The models are a club sedan, four door sedan and a two and a four passenger coupe."

### FLARING SLEEVES

# PASTOR SPEAKS ON DREAMS AT CHURCH SUNDAY

"Dreams and visions, are they Scriptural, helpful or harmful? was the theme of the morning service in the First Church of the Nazarenes. The pastor, the Rev. U. E. Harding in his introduction said God often chose such means for golden times, and perhaps on rare occasions these days, persons may be warned of God in a dream. But since we have the open Bible and the churches, and on the other hand, so much fanaticism on visions, such methods would not be used by Deity.

The pastor took for his scriptural basis, the vision of Isaiah but referred to dreams and visions by Jacob, Joseph and other Biblical characters.

In a sermon prelude, the pastor spoke on the school bonds, and urged the people to vote on the bond Tuesday. He said the school like the church, has its struggles and is opened to the criticism of the folks among the strapping toilers. Of the congested conditions in the school, the need of assen-

by auditoriums, the growth of the city; and he said the church at the school must go hand in hand. He urged that church people should always be ready to start for progressive school, in this progressive age.

"To show to the other cities California that Santa Ana is not the least of all cities nor back any line that we may wish to invite our friends to come to Santa Ana," the Rev. Mr. Hardin said. "For let it be remembered

# C. R. PICKENPAUGH'S SERVICE STATION

LOCATED CORNER CHAPMAN AND BRADFORD—PLACENTIA, CALIF.

The above picture depicts a service station with a thriving business. Mr. Pickenpaugh, the owner, purchased the site 2 years ago and since that time has been making steps forward until today he is on the top of the ladder of success. It is located on Chapman and Bradford in Placentia and is accessible to the street. The station is service headquarters for oils, batteries, tire service, free crankcase service, Union, Richfield and Gilmore gas and last but not least (so says Mr. Pickenpaugh), Diamond tires. Courtesy is always shown at this station and W. J. Van Arsdale, the assistant, better known as "Slim," together with Mrs. Pickenpaugh, do their level best to hold this slogan.

The entire personnel cannot say enough about Diamond Tires and the service of Herbert L. Miller. According to "Slim," the Diamond Tire is well-built and presents a fine appearance. It is water-cured and the aging test is constantly being conducted by the tire engineers to so compound the rubber used in Diamonds that they may better withstand the destructive influence of light, heat and age, thereby insuring the motorist of excellent service, long wear and durability. A trial will convince you, says "Slim."

## BUSINESS WOMEN'S CONVENTION HOSTESSES DON COLONIAL COSTUME

### Quiet Evening Wedding Is Event of Much Beauty

Marked by a quiet simplicity enhanced by the beauty of its setting in the chapel of the First Methodist church was the marriage ceremony of Saturday night which made Miss Eunice Day daughter of Mr. and Mrs. R. L. Day of 2415 North Main street, the bride of Alan S. Turner.

Miss Day chose for the occasion a becoming frock of soft brown shades with hat of harmonizing tone. The happy couple plan to remain at their new home, made attractive by the addition of many gifts, until the vacation of Mr. Turner early in August when they will join the many honeymooners at Catalina.

The bride came to Santa Ana four years ago from Texas where she graduated from the Timpson high school in 1925. Mr. Turner is well acquainted in Santa Ana where he attended the city schools, graduating from the high school in 1925. He is now connected with the district store of the Southern California Edison company.

The ceremony, read by the Reverend George Warner, pastor of the First Methodist church, was witnessed by only the closest members of the families of the two young people, including Mr. and Mrs. Robert H. Day, Mrs. Grace Turner, and Miss Eleanor Turner.

### Daughter of Southern Pacific President Tells Betrothal

Of marked interest in this city was the announcement made at the senior dinner of the Kappa Kappa Gamma sorority at Stanford university last week, of the betrothal of Miss Louise Shoup, daughter of Mr. and Mrs. Paul Shoup of Los Altos, to Northeast Ely, son of Mr. and Mrs. Sims Ely of Berkeley.

For the family of the bride is well-known in Santa Ana, where Mrs. Shoup spent her girlhood days. She was Miss Rose Wilson daughter of Mr. and Mrs. John Wilson, one of the leading families. Mr. Wilson was at that time an executive with the Southern Pacific. The Vanderlip and Edgar families are close relatives.

Miss Shoup is one of the present semester's graduates from Stanford, winning distinction in English and as a member of the scholarship honor society, Phi Beta Kappa. Her fiancé graduated from Stanford Law school in 1926. He is a member of Sigma Nu fraternity and was prominent in all Stanford literary publications, winning the silver cup in Judge's college contest.

He is a member of the firm of Single and Single, maritime lawyers of New York City, but at present has a leave of absence from his duties with the firm, and is acting as executive assistant to Dr. Lyman Wilbur, secretary of the interior, with residence in Washington, D. C. He is expected to arrive from Washington in Dr. Wilbur's party, within a short time, and it is anticipated by friends of the Shoup family, that an announcement of the wedding date will soon follow.

### CONVENTION SESSIONS YIELD SERIES OF SOCIAL FEATURES

Music and song, friendly hospitality, entertainment, and every thoughtful courtesy that a hostess club could devise, all had their part in the Southern District Business and Professional Women's club convention which came to a close in this city yesterday, after three busy but delightful days for Santa Ana clubwomen, who were hostesses to some 500 of their sisters from all points in the Southland.

The social program of the convention, whose business sessions were directed by Mrs. Gertrude C. Maynard, president, and her staff, was fully as important as the business program. Mrs. John A. Tressman, now past president of the local club, with Mrs. Marshall Northcross, general chairman, and a capable working force which brought each member of the Santa Ana club into activity, had prepared a series of affairs which opened auspiciously with Friday night's reception at Ebell clubhouse.

Opening Luncheon Saturday's luncheon in the same attractive spot, was a unique one whose plan originated in the mind of Miss Mabel English of Pomona, a federation program chairman. An international theme offered each individual club a subject upon which to exert all its originality, and the result was even more interesting and beautiful than had been anticipated. Tables were centered with the picturesque entries and at one point might be seen a waste of Arctic snow, with a tiny dog team and sled, speeding across the snow from an igloo where an Eskimo stood, while opposite might be feathery palms and "elephants a-pilin' teak" in a manner reminiscent of India as Kipling has made her known to us; or perhaps braw Scots marching around a stern castle to the mad skirl of bagpipes; or a tiny Chinese garden or a scene from an Egyptian bazaar. Ebell's Fourth Household Economics section served the luncheon which was one of the most delightful of menus, with a bevy of pretty Ebell daughters to give it added piquancy.

Colonial Banquet Saturday night brought the colonial banquet and program at St. Ann's Inn, and visiting clubwomen were enthusiastic about every detail of the function, from the moment they arrived to be greeted by hostesses stately in the snowy wigs and panniered gowns of our country's most colorful period, to the final enjoyable feature of the entertainment planned by Miss Martha Whitson and her committee.

Robert L. Bixby of the Inn had conspired with the clubwomen to serve the banquet in the garden, where colored lights vied with rainbow-hued candles in adding luster to the scene. Way to the tables led through an avenue of richest flowers, and the tables themselves were garlanded with blossoms and greenery. But most effective of all were the beautiful colonial dolls posed at intervals down each festal board, and to crown the evening, the guests discovered that lucky ones among them were to be given these dolls as souvenirs of the 1929 convention. Local clubwomen had dressed the dolls themselves, and everyone exclaimed over their beauty. Othello, who was presented Santa Ana's gift of one of Miss Anna A. Hill's beautiful paintings of a Laguna shore line.

Many Flowers Given The succeeding half hour was a time of roses, for popular women in the federation were liberally showered with the lovely flowers, while to Mrs. Maynard, who rendered her office to Miss Ethel Carroll, was presented Santa Ana's gift of one of Miss Anna A. Hill's beautiful paintings of a Laguna shore line.

Roses to Miss Jane Humphreys brought for the the interesting coincidence that just 33 years ago to the day, she left Santa Ana to try her wings in the Los Angeles business world, winning a situation which she has held—and grown up with—all the succeeding years.

As the final social gesture on the part of Santa Ana clubwomen, they took their guests yesterday morning, to Irvine park where Chef W. K. Duffy served a most appetizing breakfast at tables colorful with galliard and Spanish poppies. Song and prayer lent a touch of solemnity to the meal, heightened by the beautiful musical numbers by yet other Santa Ana artists. The Rev. Perry Frederick Schrock, pastor of the First Congregational church, led in prayer and responsive service, and talked briefly but feelingly, on the value of a business partnership with God. Orange B. & W. club aided in securing some of the artists.

Sally Lee Seales and Cosare D. Cianfani with Miss Allie Lahr as accompanist, gave the musical program, the former singing like one of the park birds, such lovely numbers as "Trees" by Rasbach, and by request, "Joy" by Winter Watts. Mr. Cianfani maintained the solemnly impressive atmosphere with such beautiful selected and rendered trombone solos as "The Lost Chord," a selection from

### Neighborhood Club Has Enjoyable Meeting At Week-End

The Newport Avenue Neighborhood club met with Mrs. Jones Alexander on Newport avenue late last week.

A profusion of June roses turned the living rooms into a bower of bloom. Conundrums and fancy work kept both brains and fingers busy. A birthday surprise greeted Mrs. Flattery, a most beloved member of the club, who was remembered with many lovely gifts and responded with a speech of appreciation.

Refreshments of cake, ice cream and coffee were served.

Plans were made for a picnic to be held at the regular meeting of the club in July.

Those present were Mrs. Harriet Flattery, Mrs. Eva Logan, Mrs. J. D. Sanborn, Mrs. M. C. Bowman, Mrs. Jennie White, Mrs. Mary Pannal, Miss Alice Pannal, Mrs. Will A. Rogers, Mrs. C. N. Archer, Mrs. Chester Kenyon, Mrs. Worth Alexander, and the hostess, Mrs. J. E. Alexander.

### Sisters Leave For Colorado Visit

Leaving Saturday for Florence, Colo., the Misses Frances and Katherine Barr, daughters of Mr. and Mrs. O. H. Barr, 1608 North Main street, will spend several weeks in the Rocky Mountain state. Miss Frances Barr will serve as maid of honor at the wedding on June 12, of Miss Imogene Hadley, daughter of one of her mother's girlhood friends, to Mack Dodson.

From Florence the sisters will go to Denver for a two weeks' visit with the family of Mr. Barr's brother, W. B. Barr, and will return to Santa Ana by way of the Grand Canyon.

### Lions' Officers In Garden Grove Placed In Office

GARDEN GROVE, June 10.—At the Lions club luncheon, the following were chosen as officers for the year: President, L. W. Schauer; first vice president, W. A. Wheeler; second vice president, L. L. Dorr; third vice president, Roy Johnson; secretary, Gil Thayne; treasurer, C. L. Pearson; lion tamer, S. C. Gerty; tail twister, George Lynch; two directors, W. B. Wentz and E. J. Tobias.

Installation of the newly elected officers will take place on the evening of June 26, this occasion also being designated as "ladies night."

"Stabat Mater" and others.

Visit to Art Gallery Club songs and community singing the latter led by Mrs. Irene Loose Schaeffer, concluded the park program, after which the long line of automobiles laden with guests, sought the beauties of Laguna Beach. The Art gallery was the first "port of call," and there Mrs. William T. Lambert, president of the B. and P. W. club, and her members welcomed the delegation, serving fruit punch and wafers.

The guests found the work of the artists of the Laguna Beach Art association of absorbing interest, and gathered in groups to discuss some outstanding canvas, or to meet some one member of the association, several of whom were present to offer hospitality. Miss Hills made a friendly little talk, introducing those artists representing and telling of the building of the gallery, while other entertainment included some very beautiful violin music by a young artist, and a solo by Mrs. H. Joseph Thurston, a member of the Laguna B. and P. W. and also president of Orange County Federation of Women's clubs. She sang the club song written by Carrie Jacobs Bond and dedicated to the clubwomen.

### Smiley-Lund Wedding Invitations Out For June 19

Invitations have been out for some days, to the wedding on Wednesday night, June 19 of Miss Grace Inez Smiley, daughter of Mr. and Mrs. Andrew J. Smiley, 703 West Washington avenue, to Arnold Theodeman Lund, son of Mr. and Mrs. S. J. Lund of San Bernardino.

When the other daughter of the home, Miss Helen Smiley, became the bride of Howard A. Lutz almost two years ago, she chose the Little Church of the Flowers in Glendale for the nuptial rites, an example that was followed by Miss Elaine Wharton, niece of the home, when she and Henry S. Williams were wedded just a year ago on the same date chosen by Miss Smiley and Mr. Lund for their marriage.

So it is a pleasure to the friends of the bride-elect that they are to be privileged to see a bridal ceremony in a setting so well designed for it as the spacious Smiley residence.

# CHURCH WOMEN SOCIETY THE HOME WEDDINGS FASHIONS HOUSEHOLD

## When Is a Woman Old?

That is the question which has been asked by the attitude of women hold towards age. It is not a woman who is old when she is a woman and how is one to know absolutely that the inevitable physical down has also become mental? Have asked that question of a number of women whose ages range from 40 to 65 and it was the oldest one that I got my answer.

A woman is old when her wider puff becomes a supercilious look. She is old when she is not the variable of the question but the state of interest manifested by a woman towards life. She is never old as long as she has ambition to keep the life off her nose and her mind. It follows that if her mind is not up-to-date, her mind is old and her life is old.

## OFFERED FOR YEARS: THEN UND SARGON

Dr. Alexander M. Sargon Recommends New Medicine Because It Proved Its Worth In Her Case

Sargon and Sargon Soft Mass are the most wonderful medicines I have ever used. I use this because they have brought me health after I had been suffering for ten years to find some-

DR. ALEXANDER M. SARGON

that would relieve me of suffering. My principal trouble was with my liver, for my complexion was always sallow and I said my color was as yellow as gold. I believe my entire system was filled with poison, resulting from chronic constipation. I became very nervous. I did not sleep well and was losing my weight and energy rapidly. I also suffered terribly with indigestion and had a great deal of trouble about my diet. I would suffer with indigestion just the same. Gas would build up and extend up around my chest and cause severe palpitation. I had severe pains in my abdomen. These attacks would usually come on after mealtime. I was in my chest and shoulder. I had a great deal of trouble. I was in a bad way and in a bad condition.

After taking two bottles of Sargon and one bottle of Sargon Mass Pills I noticed a remarkable improvement in my condition. My appetite is splendid. I now digest and assimilate. I hadn't dared touch before months I no longer suffer from those indigestion spells but the greatest blessing of all has been the relief from constipation. I which I suffered for so many years. My complexion is clear and healthy. I have gained some weight and feel greatly strengthened in every way. The Sargon Soft Mass Pills are wonderful. They are so good and yet so thorough and they do no bad after effects whatsoever.

The above statement was made by Mrs. Alexander M. Sargon, 1405 Sixth Street, Oklahoma City. Dr. Alexander M. Sargon is a member of St. Paul's Methodist church and is highly respected by a large circle of friends. Sargon may be obtained in Santa Ana at the Schramm-Whitson drug store—Adv.

## The WOMAN'S DAY by ALLENE SUMNER

One woman is a member of President Hoover's recently appointed commission for the study of prohibition enforcement. She is Miss Ada Comstock, president of Radcliffe college, and described as "one of the foremost students of sociology in the United States."

## NEED MORE

It is hard to say whether the presence of one woman on this committee is so surprising as that there are no more. Considering that recent statistics prove that women spend 90 per cent of all money spent in this country, and considering that the prohibition question, either from the viewpoint of enforcement or lack of enforcement, effects national spending money as it effects no other realm of human activity, it seems to me that the commission needs more than one woman to balance the men on the commission. The men may know their law. But they do not know the human reaction to prohibition, or its lack, as women do.

## "THE TALKIES"

A Texas senator's attempt to add an amendment to the state bar bill to the effect that the license of any barber who talks too much shall be revoked, reminds "us girls" that the talkative barber isn't confined to male barbers only.

If there's anything more talkative than a beauty shop operator, here's wondering just where it is. I know about six simmering red hot women's fights brought about by the hairdresser common to all of them who talked too much.

## WHY IS IT?

There seems to be something about the intimacy of beautifying the human person that brings on gossip, and much of it. Still, I do love hearing my share, and if we hear it I suppose we must figure that we play leading roles in the story the next day.

Perhaps it's something about complete relaxation in the inclined beauty shop chair that makes us say so infinitely much more than we should.

## THEIR REAL LIFE

Walter Finke, 19-year-old high school boy of Portland, Ore., shot and killed 17-year-old Herbert Beem in a quarrel over a high school girl, and then tried to kill himself.

And mystery still surrounds the death of Walter Treadway Huntington, Harvard student, found dead with a woman's lace-edged handkerchief and her footprints by his dead form. A diary in a Casanova was found among his possessions.

## IT'S EVADED

Day after day these youthful tragedies are duplicated as youth is caught in the maelstrom of sex which it does not understand and for which it is not at all prepared. Meanwhile our school curricula are filled with science and mathematics and languages and history, struggling with which youth pursues grades, while every fibre of its being is concerned with things infinitely more real and puzzling, to which school authorities give no keys.

When one attempts to do so he is figuratively or literally ridden out of town on a rail.

## ENJOY FRUITS AND VEGETABLES

Flavored With Sugar They Are Delicious and Healthful

"My first rule for healthful eating," said one of the foremost food scientists in this country, "would be to insist on at least one dish of raw vegetable salad and at least one raw fruit every day."

"My second rule would be very similar—to eat at least one cooked vegetable and one cooked fruit every day. You can vary the fruits and vegetables according to the season their price, and your taste."

His next remark emphasized the value of sugar in making fruits and vegetables so palatable that people would eat them, not simply for their beneficial results, but for general enjoyment of their flavors. "Sugar," he explained, "is the greatest of all condimental foods. It brings out the natural flavor of fruits and vegetables."

It is important that people enjoy the food they eat. Otherwise they will not eat a varied enough diet. Sugar, one of nature's most perfect flavors, plays a part in making almost all the foods we eat more inviting.

A pinch of sugar improves the flavor of nearly every vegetable. Remember a dash of sugar in cereal, in tea or coffee, in all milk drinks. Good food promotes good health. The Sugar Institute.

## At the Theatres

### WEST COAST-WALKER

What Africa's strange and mystic spell can do to a white woman who goes to live in the torrid jungle region was shown in "A Dangerous Woman" with Baclanova in the title role at the West Coast-Walker theater yesterday.

"A Dangerous Woman" is one of the strongest pictures of the season, and marvelously presented by a cast which is correspondingly strong.

As the wife of Clive Brook, British colonial representative in the principal land of aboriginal Negroes, gives her full opportunity to provide that artistic acting which has made her famous as the talking screen's most exotic alien.

As the plot develops we find her a huntress of men who is seemingly as merciless as the lions that prowl the Congo country. The climax of her romantic stalking of human prey is vivid, tumultuous—it leaves a definite imprint of amazement upon the audience.

Neil Hamilton and Leslie Fenton are cast as lovers of the comedy enchantress. Their supporting work is intelligently done and speaks their early experience on the legitimate stage. This background of stage training is also largely responsible for the fine performance turned in by Silt Edwards and Clyde Cook, as well as, of course, the others, Brook and Baclanova.

Through the medium of sound the genuine language of the jungle tribes—Swahili—is brought to the ears of the audience for the first time in history.

### WEST END

A feast of wit and beauty is offered the patrons of the West End theater this week in "Loves of Casanova," the Metro-Goldwyn-Mayer picture now showing at that popular house. It deals in thrilling fashion with the romantic adventures of one of the most absorbing philanderers of the eighteenth century, the celebrated Giacomo Casanova, who probably won the hearts of more beautiful

woman than any other gallant in history.

In the title role, Ivan Mosjoukine makes a most alert and entertaining figure. Mosjoukine is not entirely unknown to American audiences, having played the title role in "Michael Strogoff."

His present role is a mixture of dare-devil, adventure and gay romance. He passes from intrigue to intrigue, choosing the most beautiful ladies of the land and showing no partiality as to class or caste.

### YOST BROADWAY

For an hour and a half of sheer entertainment, nothing has yet come out of the motion picture studios to surpass "Alibi," now on the Broadway bill. It is melodrama, comedy, musical extravaganza, spectacle and romance all rolled into one, as thrilling to the ear as it is dazzling to the eye.

The large cast is made up of well known picture and stage celebrities. Chester Morris, famous Broadway star, makes a smashing entry into films with his brilliant portrayal of a debonair crook. Eleanor Griffith, another former New York stage star, is appealing in her characterization of the policeman's daughter, who, rebelling against her father's insistence that she wed the man of his choice, a young detective, falls in love with the "gentleman gangster." Others who give noteworthy performances are Pat O'Malley, noted screen hero; Regis Toomey, a young leading man from the London and New York stages, and the dependable Mae Busch, who plays a fashionable gangster to perfection.

Breath-taking climaxes pile one upon another in this fast moving story of the metropolitan underworld.

Across the cornfield, high and low, the Tynymites were glad to go. Their funny friend the scarecrow led the way in merry glee. "I don't know where we're bound for now, but we will reach that place somehow. I hope it is a land of fun and other things," said he.

"We're with you," shouted Clowzy. "Gee! I'm just as happy as can be. This being in the open makes a fellow feel just fine. There's nothing like the real fresh air and look, the sunshine's glow is rare. When I am seeking pleasure it's the great outdoors for mine."

"You bet," said Scouty. "I feel great, and frankly, I can hardly wait until we reach some little town with queer folks living there. It's been some time, it seems to me, since we have been where we could see some friendly tots who treat us nice, and don't give us a scare."

Just then they heard a funny noise. The scarecrow whispered "Listen, boys! What made that

sound? It was right near. We'd best investigate. I guess I'm not afraid. Are you? Aw, gee, there's just one thing to do. We'll search and see what we can find. Come on, don't hesitate."

They traveled through the corn real fast. Then Coppy yelled, aloud, "At last! I see what made that crazy noise." The scarecrow promptly sighed. "Don't let him worry you," said he. "I'll walk up first. You follow me. Perhaps, if he's a friendly mule, he'll give us all a ride."

Alas, alack! The poor scarecrow was sorry. "Course he didn't know that mules that show nice friendliness are really rather queer. He walked up to the fat mule's side. 'Look out! Look out!' wee Carpy cried. Just then the mule kicked Mister Scarecrow sailing through the air."

MUTT AND JEFF—Jeff Wins the Sunday Sweepstakes

CHOOSE WISELY. PASTOR URGES IN SUNDAY TALK

The Rev. Roy P. Hyton, pastor of the First Church of the Brethren, spoke Sunday evening on the subject, "The Choice Between Christ and Barabbas."

He said in part:

"Every individual of us is called upon to make choices. There are at least four choices which, when made, determine success or failure in life. There is the choice of ideals, the choice of a career, the choice of a life partner and the choice of religion. Some of these may be made once and for all, but the choice to which I call your attention just now is one which must be made daily. It means choosing Christ and the true Way of Life, or Barabbas and the way which has been proven to be a failure."

"The reason the Jews chose Barabbas was not merely to get rid of the one presuming to be the Christ. It is very evident they did not want Him. But the reason they did not want Him was that they did not want to follow Him. His method was not their method. They wanted Barabbas because he was their type of a Messiah. People frequently are not willing to be led unless they are permitted to choose the direction of progress. They want help, but they want it in their own way. That was the condition here. The Jewish people wanted a Savior, but they had a preconceived notion as to what such a personage should be like."

"The important question with Governor Pilate is the important one with you and me tonight and every day of life. In fact in every experience of life. Something is to be done with Christ. What shall it be. You cannot choose Christ and Barabbas at the same time. Barabbas represents a way of life and conduct which has its appeal no doubt, but it has been proven to be a false way. The Jesus Way is proving more and more to be the true Day of Life. Barabbas means force, Jesus means good will, love and service. The question is which way shall you choose. What are you doing with Christ when you make your choice? Are you leaving him out? 'Choose you this day whom ye will serve' whether it be Christ or Barabbas. Whether it be the Way of Life or the way of defeat."

CHILDREN'S DAY IS OBSERVED SUNDAY

Children's Day was observed at the United Presbyterian church yesterday. Scripture memory work and songs which they had learned in the various departments during the year was the feature of the program held at the church after the regular Sunday school services at 9:30 a. m. Promotion exercises were conducted at 11 o'clock and the little girls in dainty frocks and small boys in neat attire furnished a most inspiring ceremony as they accepted the graduation honors.

Those in the services who were advanced to higher classes were as follows:

Cradle roll to beginners, Wilma Jean Bradford, Gwendolyn Blanchard, Ruth Cowdry, George Lewis Endres, Evelyn Jean Finley, Maxine Louise Hill, Betty Jean Howe, Sidney Dennis Messenger, Barbara McFadden and Patricia Fay Olmstead; Beginners to Primary, Helen Finley, Richard Gibson, Barbara Hillyard, Mary Lee, Billy Lowe, Marlow Lumley, Dorothy Raitt, and Frances Jean Smith; Primary to Junior, Sermon Cowdry, Louise Kitchner, Billy Lumley, W. A. Nichols, Barbara Vorce and Mary Jean Warren; Junior to Intermediate, Edward Allen, Joe Bradford, Henry Hunkins, Carl Johnston, Ruth McBurney, Ben-eridge Nelson, Janet Raitt, Mary Lee Walker and Omega Watts.

## ON THE ROAD TO WEALTH

Picture, if you can, this young grove five years from now. The age of the sturdy Valencia trees is eight years and there are 7 1/2 acres of them. A small house provides living quarters and there's a garage for the car. A crop of oranges ready to be picked will help you with the first year's expenses. Five years from now the trees will have attained full bearing and the grove worth considerably more than its present \$25,000 value. Besides, there are the crops that come yearly, enough, in fact, to make the grove pay for itself after you have made the first \$10,000 payment. \$728.

## TOMORROW'S ELECTION

Tomorrow the voters decide by their ballot whether the elementary schools of our city are going to at least partially meet the demands that the increased population of the city has placed upon them.

There is a great deal of discussion which is leading to agitation upon the big bond issue on which we will vote on the twenty-fifth of this month, but it appears that interest is very slack concerning the school bonds on which we vote tomorrow. We do not mean to say, by any means, that the indifference attaches to all, because there are a few who have given this matter much attention, who are working day and night to arouse the people to the importance of the vote tomorrow.

Many interested parties are making house to house canvass to inform and arouse the indifferent and negligent voter. Thousands of people are living in Santa Ana who have been persuaded to come here because of the school facilities. The last point at which the city should retrench is at the point where our children begin their preparation for life's great labor.

When it comes to a question of bonds for other purposes, dealing with water works, electric light, or flood control, the result of an unwise vote comes upon the voter himself, but in respect to our public schools it happens that those who have the greatest interest have no choice in the matter whatever, except as they may make their appeal to you, their parents as they come from the public schools.

We are the trustees of the children, the Almighty himself has placed them in our charge, they are more precious than anything material which we can handle or see or enjoy.

The only question that ought to give us consideration in determining our vote tomorrow is whether there is a need for the buildings and equipment for which this money is to be spent. Of that there is no doubt. The increase in our school population is such that for us to fail to carry these bonds tomorrow would make us recreant to the trust that has been imposed upon us as parents and as citizens.

It is practically telling our children that they shall not be as well fitted for life's labor as the children of other communities,—it is to tell the newcomers that with all the advantages of Santa Ana, you must not expect to give your children a fair chance here,—it is to tell those who will be brought here by the Pittsburgh Plate Glass Company, "You may come here and earn your living if you desire, but bear in mind that your children will be at a disadvantage in the city of Santa Ana." This is impossible. It cannot be true. The vote tomorrow should be a vote cast with the good of the children in our minds, and with that the issue is safe.

Be sure and vote!

Federal authorities in Chicago have requested that serving of ginger ale in cafes be banned. Pretty soon you won't even be able to buy liquor in one of those places.

## THE WAR DEBT TO LAST TILL 1947

According to a United States Treasury statement, there is still owing on the war debt some \$17,000,000,000. The maximum amount was \$25,000,000,000. At the present rate of payment it is expected that the entire bill will be liquidated by 1947. That is a long time, 30 years from the beginning of the war, practically a generation. The young men who fought the war for the most part will have to pay the bills, too. Many of the older men have passed and all will soon pass off the stage. Scarcely a prominent figure of the war remains active, and many of them have died.

But it is something that the next generation will not have to pay for the folly of its predecessor. If only those who incur the bills should be called upon to pay them there would be less of them incurred. More and more we are coming to that conclusion. The next war,—let us hope there will be no next war,—but the next war will undoubtedly call for the conscription of life, labor and money. When that obtains there will be fewer wars. The romance of war has gone already, and now when men shall be called upon to pay for an unromantic war we may hope all wars shall cease.

This may be a rising market, but manufacturers are still making money selling dresses short.

## MINORITY RULE IN ENGLAND

It now appears that the Conservatives in the last elections in England polled the largest vote but won fewer seats, and that the few seats won by the Liberals by no means measured the strength of the Liberal vote throughout the country.

No matter what system we may adopt it is almost impossible to avoid minority rule. With more than two candidates the vote is always split, letting a third slip in between. With our own electoral system the number of electoral votes does not measure the popular strength of a candidate. Measured by the popular vote, Gov. Smith should have had more electoral votes than he did. In England the massing of the labor votes in a number of districts made it possible to elect more candidates. All of which shows that a perfect way for ascertaining the popular will is difficult to find.

## PADDED PAYROLLS AT SEA

One reason why the United States government's venture in the merchant shipping world was conducted at a financial loss may be seen in an announcement recently made by the business men who took over the Leviathan and ten other ships, that three hundred men would be lopped from the payroll forthwith.

Propaganda has been advanced to make us believe that one reason these ships have not been more successful was because they were operated as dry ships in competition with ships which sold liquor.

William L. Bunker, vice-president of the new line, said that at least one hundred men could be cut from the crew of the Leviathan without in any way impairing the efficiency of that vessel. Cuts in other crews, he added, would be made in proportion.

Anyone who has ever had experience with municipal governments is aware that padded payrolls are a common feature of government business. If such a phenomenon existed on the government's merchant ships, it is small wonder that they operated at a loss.

President Hoover had a black eye the other day but he explained it to everybody's satisfaction. But, just think of the stories you might have heard if President Al Smith ever came down in the morning with a shiner!

## DIET AND INTELLIGENCE

The importance of a child's diet is emphasized strikingly in an article in the current issue of Children, the Parents' Magazine, by Dr. John Monroe, professor of educational psychology of Long Island University.

After 16 years of research, Dr. Monroe found a direct connection between a child's intelligence and the food it eats. While food, of course, was not the only factor, he was able to make this definite statement:

"Where food was wholesome, intelligence had thrived, and where, as a result of poverty or slovenliness, food was inadequate and carelessly prepared, intelligence had declined."

The child, when you stop to think about it, is pretty much at the mercy of its parents. The least the parents can do is give it a chance to make the most of its inborn intellectual capabilities by seeing to it that its diet is up to standard in every respect.

## Keep Line Closed

Imperial Valley Press

Once again the subject of keeping the international line at Mexicali open for 24 hours, is being discussed and once again it is up to the people of Imperial Valley to oppose any movement to change the present closing hour of 9 o'clock.

There is no good reason to be advanced for keeping the line open 24 hours under the present conditions that exist in Mexicali, and to be specific, we refer to the open gambling there.

Besides being a financial drain on the valley, the open gambling is the source of much crime, the records of the Imperial county courts being voluminous with cases of men and boys stealing from their employers in order to gamble at Mexicali or recoup losses already sustained at the border.

There is no excuse for the gambling games. The argument that those operating the gambling resort do not invite people to patronize them, often heard at the border, does not hold good. The games are there, and such is human weakness that they act as a magnet, drawing their victims to them and then bleeding them white.

All legitimate business dealings between merchants on both sides of the line can be transacted up to 9 o'clock at night. There is no reason for the line being open after that time. The hour is sufficient to give those who enjoy a dinner at Mexicali, ample time to satisfy their wants.

Telegrams have already been sent to Washington by various valley organizations, protesting against throwing the line wide open, or making any change that would set the closing hour later. These telegrams should be augmented by telegrams from individuals and business houses.

Until gambling is eliminated at Mexicali the people of Imperial Valley, as a protection to themselves, must oppose any move to lessen the regulations now in force.

## Abolishing 'I. A.' Discriminations

Christian Science Monitor

The discontinuance of the "immediate attention" practice in inspecting baggage by customs officers at New York, and to a smaller extent elsewhere, will be regretted by few. It was, in the final analysis, a discrimination against travelers who were not so fortunate as to have a friend at court who, by political or personal influence, could arrange for incoming travelers from foreign ports to have their customs declarations marked "I. A.," meaning immediate attention.

As in the case of any special favors, the practice outgrew its usefulness because it was subjected to abuse. Established, presumably, to denote the presence aboard ship of distinguished persons, it fell into a state where anyone with a "pull" could have his papers so marked and thus enjoy the distinction of being accorded earlier attention than other passengers who, so far as one could discern, were fully as important in business, professions or the arts, as the one marked for prompt service by customs officers. So generously was the "I. A." extended that on an arriving ship at New York recently it was said that the "I. A." line was longer than that of regular passengers. In other words, it was a distinction not to have such a privilege.

## The Age of Miracles

Riverside Daily Press

We never are more greatly mistaken than when we say that the age of miracles is over. Sometimes it seems as if the age of miracles had only begun.

Consider this: the Pathe moving picture people had a camera at Churchill Downs to take moving pictures of the Kentucky Derby. In a New York studio they had another film and apparatus to record the sound. The sound waves came to the studio by radio and were duly recorded; and the machines were arranged so that sight and sound were perfectly synchronized. When the photographer got back to New York it was an easy matter to put the two films together—and lo! there was a "talkie," technically perfect, of the great race!

Think over that little bit of work for a minute, and see if it doesn't come close to filling every requirement for a first-class miracle.

## More Truth Than Poetry

IN DEFENSE OF BOSSES

In the manifold rules for success I have read—  
I have dwelt on them night after night—  
I find that the best way of getting ahead  
Is the way that is kind and polite.  
Great bosses are mild to their young employees  
When they learn that their judgment has erred,  
And make every effort to put them at ease  
By a gentle and courteous word.

But though for some years I've been working around  
A means of existence to find  
Somehow it has chanced that I never have found  
A boss of that large-minded kind.  
When I make a mistake—and I made quite a lot  
My shift was exceedingly short,  
More often than not I was sacked on the spot  
And with words of a pretty rough sort.

And now I am told that the average boss  
Is rarely with patience endowed.  
He is often quick spoken and crabbed and cross  
And his speech is uncommonly loud.  
And yet, though this isn't an ethical way—  
As the maxims declare—to excel  
The most of these bosses I worked for, today  
Are doing exceedingly well.

And if I were a boss, and could say what I pleased  
Instead of what good bosses ought,  
I believe now and then that my mind would be eased  
By uttering just what I thought.  
I think it must soften the hard daily grind  
Which bends the executive's back  
When he has an occasion to speak out his mind  
To a fellow who cannot talk back.

## THE TRAINING SEASON

Production usually falls off at this time of the year. Most people are resting up for their vacations.

## A SHOCK AT THE TALKIES

Actors find it doesn't cheer them  
To hear themselves as others hear them.

## Why Do Business Men Run Risks?

By WILLIAM TRUFANT FOSTER and  
WADDILL CATCHINGS

Risks are universal. For the orange grower, there is danger of a frost; for the cotton planter, the boll weevil; for the bond buyer, inflation; for the shoe manufacturer, tariff revisions; for the milliner, changes in style; for the contractor, strikes; for the railroads, Congress.

The prospector drills where there may be no oil. The publisher prints a book that people may not buy. The clothier relies on spring stocks that may not arrive.

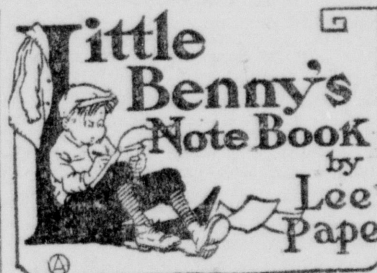

The street railway company constructs a line that the automobile puts out of business.

The maker of phonographs goes cheerfully ahead. Then comes the radio!

So it is the world over. Every business faces not only risks that are the common lot, but also risks that are peculiarly its own. These risks are such that, in a single year, 185,158 corporations in the United States reported no net income whatever. Their total deficit was nearly four billion dollars.

What induced these corporations to go on? The answer is found in the 171,239 other corporations which, during the same year, gained four billion dollars. All these corporations risked losses in the hope of making profits.

No business man is ever free to decide whether he will run risks. He can usually choose among risks; but choose he must.

Saturday night I was suppose to take a bath and all of a sudden I got sleepy as anything and kept on getting sleepier, and the sleepier I got the less I felt like interrupting myself with a bath, and I sed, G, I'm sleepy, I guess I'll go to bed.

After you take your bath you will, ma sed, and I sed, Well G, ma, how about tomorrow morning?

Sunday morning is the busiest time in the life of the bathroom, and you know it, ma sed.

Meaning her or pop would probably want to go in there just when I wanted to go in, and pop sed, You better get busy and work up a lather of soap instead of a lather of argument.

Well gosh, pop, if I take my bath now it mite wake me all up again so I want be able to go to sleep, I sed.

On the other hand it mite make you so sleepy you'll fall asleep while your drying your back, in which case I guarantee to put you to bed and the whole operation will be as painless as if you had taken ether, pop sed.

One G wizzickers, pop, last week I had 2 baths, I sed, and pop sed, I herd of a man who bathed every day for 75 years and he lived on his interest till he was 93.

Well aw G, pop, holey smokes, I sed and he sed, I admit the force of that observation but at the same time I must announce that you have just 5 minutes to take your choice between letting me hear the soothing sounds of soapy wavelets breaking gently against a boys' birthday suit or of allowing yourself to hear the ominous rumble of a slipper dashing itself against a helpless portion of the same anatomy.

Me choosing the bath but enjoying it much more than if I hadn't argued at all.

## JUNGLE AND ZOO

We civilized moderns are very much like animals held captive in the zoo.

Our primitive ancestors had a like kinship with the animals in the jungle.

I do not want to glorify the jungle or join the rebels against civilization, but, in my daily contact with a university in which some 10,000 students are presumptively seeking an education I am increasingly impressed with the fact that we are essentially domesticated animals.

I mean by this that we moderns have lost some of the advantages that were hidden in the innumerable disadvantages of the lives of our primitive ancestors, and that one of the fundamental problems of modern education and of modern life is to find adequate substitutes for these lost advantages.

"I suppose," a traveler said to a much scarred animal trainer, "that you work now almost entirely with animals that have been born in captivity."

"On the contrary," said the trainer, "I work almost entirely with animals brought from the jungles. Those born in captivity do not train well."

I am told that animal trainers

find that they have their success with animals that lived from one-half to two of their lives in the jungle. The assumption is that jungle animals must fight against very sort of order to survive.

## FLY SCREENS

Fly weather is upon us. Teachers and doctors and nurses and mothers fear and hate flies. Born in filth they carry disease to little children. Screen the baby against him. Screen everything he eats from them. A single fly crawling about a baby's mouth may cause a severe illness and babies cannot afford illness especially in warm weather.

Of course the very first thing to do is to see that all breeding places for the pests are abolished. All stables, barns, garbage heaps, any place that harbors waste of any sort should be cleaned down to the fresh soil. I like to clean down to the fresh earth and then lime the whole area well. Lime is a cheap and a thorough cleanser. Then keep the place cleaned up.

Every good school has a science class and at least one teacher who is devoted to science. At this time of the term a project is an invaluable help to the teacher and class. Books and drill for tests are weighing heavily upon the spirits of the children and the school teachers. A little variety in the program is good. Chase out the flies. Rout them out of their breeding places. Kill all of them if possible. Have reports upon them. Have the science class write up the life of a fly from observation, if possible. Have them inspect their town and undertake a cleanup. The board of health will help. The women's club will be delighted to help. Everybody

will lend his strong right swat a fly.

## AN ANTARCTIC VOYAGE

On June 10, 1842, Lieutenant Charles Wilkes and his exploration party were welcomed back to New York after a four-year voyage in the Antarctic.

Wilkes' expedition was the first ever subsidized by the government for scientific purposes and was authorized by an 1836 act of Congress. A great mass of valuable scientific data was compiled during the voyage and afterward published in 19 large volumes.

Wilkes' claim to the discovery of an Antarctic continent has not always been upheld, but Sir Ernest Shackleton and Sir Douglas Mawson later confirmed Wilkes' discoveries.

In addition to the fame which came to Wilkes by virtue of this ambitious voyage of exploration, he gained a reputation for his naval activities during the Civil War. On Nov. 8, 1861, he stopped the English mail steamer Trent and removed from it Mason and Sildell, the Con-

federate commissioners to and France respectively. tion brought a diploma with England, known in the "Trent Affair."
